Holiday, Florida, February 9, 2024

**Infinite Water Inc will be among the 115 million+ viewers this Sunday**

**Infinite Water Inc** is amazed that so many people, of every walk of life, will be together to partake in a feast of snacks, wagering of favorites and many thousands of gallons of alcoholic beverages as well as **Taylor Swift** watching. **Infinite Water Inc** takes notice that the highly-anticipated matchup between the **San Francisco 49ers** and the **Kansas City Chiefs** will be shown in 190 countries and is getting a boost from the **U.S. State Department**, which is hosting watch parties in more than 30 overseas locations.

**Infinite Water Inc**, being a global conglomerate is aware that **FIFA** claims that **The World Cup** draws **1.5 BILLION** viewers and the wedding of **Princess Diana to Prince Charles** with 750 million viewers. **Infinite Water Inc** has researched other events that are not sport centered but have drawn record setting numbers of viewers. Previously, an estimated **650 million** people watched **Neil Armstrong** walk on the moon. So far, no other program has even come close to touching that record. These are considered news programs and totals are evasive because the US population, in 1969, was only 200 million.

**Infinite Water Inc** finds the amount of interest, both pre-game and post-game, when added to the actual game watching, to be spectacular. When **Super Bowl LVIII** is considered with the crowds for other monumental viewing events, **Infinite Water Inc** questions what significant world problems could be mitigated, or eradicated, if so many of the worlds population could be in agreement and focused on some of the world's meaningful issues.
