**What does April 27<sup>th</sup> represent?**

**Infinite Water Inc.** didn't know. Probably because it meant nothing, unless you are a student of American history or a resident of Fairfield County Connecticut. Residents who live a small town called **Ridgefield** are very knowledgeable of this date's significance.

**Infinite Water Inc.** being socially conscious of the current headlines regarding disruptions on once revered campuses, and without being political, has taken an interest in what the 1<sup>st</sup> Amendment of the United State Constitution actually provides the citizens of our country.

**Infinite Water Inc.** has found that there is significance of being the **First Amendment**. First means, most likely that out of 10, it was the most important to be put into words. So, word for word: **Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.** At least that was as much to the point as was needed in 1791.

**Infinite Water Inc.** notes that as times change so does the protections which are not covered by 'free speech':

There are also a limited number of narrow exceptions to what the **First Amendment** protects. This includes situations where immediate violence is provoked, someone is unduly intimidated or falsehoods are spread about someone else. They include the following categories:

**Incitement to imminent lawless action / Harassment / True threats / Defamation**

**Infinite Water Inc.** understands you are wondering what does this have to do with **April 27 and Ridgefield, CT**. So here it is: On April 27, 1777, American forces under the command of Major General David Wooster attacked the retreating British troops under Major General William Tryon in [Ridgefield](#). It was here that the fiercest of the fighting occurred and the people of Ridgefield spilled blood so that the newly formed Independent Democracy would guaranty that future generations would have certain unalienable rights. Now you know.
